

Palm Island Park: under construction - May 2007

Dear Island Neighbor,

As you can see, our Palm Island Park improvements are well underway. The sand is being replaced with impact resistant surfacing, we are installing additional playground equipment, a brand new swingset, new landscaping, and installing two shade structures. The city is also upgrading and resurfacing our tennis courts and basketball court.

Our fundraising campaign for the park is going very well and **we have extended the donation deadline to May 31st**. Thank you to all the families who have already generously contributed. We want to give everyone the opportunity to take part in this community effort; if you haven't already donated, **please take a moment to fill out the form below**.

Thank you in advance for helping to improve our neighborhood. See you at the Park!
